Please support this bill. It has some significance for some candidates that have not been treated fairly

I, Amanda Sue Friedeck (Jim Wells County ) am in favor of HB 3302. This is so that our elections are transparent, accountable and fair.

I do not oppose this legislation but also want to allow candidates to have a second ballot draw for their position on the ballot. Instead of having the original order used for a run off, perhaps you might want to consider – if there are more than two candidates running for the same office – having a second ballot draw done along with the original one; the second to be used if there is a run off. Doing this retains the ballot draw for each election while allowing election officials to immediately start programming the runoff ballot and sending it out to absentee voters, especially those who are in our military and serving overseas.

This Bill is not specific enough, the current method of a drawing works well, randomly assigning in insufficient. Defeat this Bill
